

# ENGAGE PPE

## Personal Protective Equipment for Dancers

Engage is excited to announce our participation in Allegro Dance Boutique's COVID-19 Studio Rebate Program. In order to help support our studio community, Allegro will be donating 10% of all purchases back to us from now through July 31, 2020\*. We are grateful for the extra help as we navigate all of the changes necessary to operate at this time. In order for your purchase to be eligible, please use code SUPPORTENGAGE10 when ordering\*\*. You can also use this for any phone orders, just mention the code when ordering.

*\* Please note that this will be instead of the typical studio discount.*

*\*\* This will show up as a \$0 discount online. This is just how Allegro is keeping track of purchases.*

### **PPE OPTIONS offered through Allegro Boutique**

Personal Protective Equipment will be available for purchase through Allegro. These purchases will also count towards the Studio Rebate Program!

#### **Required: Cloth Face Masks**

We are requiring all dancers to have face masks for class following our state's Government and Health Departments requirements. These masks will have the studio logo printed on them and be the only masks allowed in class (just like the rest of your dress code items). If the dancer has multiple hours of class, we are recommending multiple masks so you can switch out once one becomes damp. 4 styles of masks will be offered including adjustable, behind the ears, and behind the head options. These are designed with the dancers in mind including ease of putting on/taking off and placement around buns. Paper filters for inside the masks will also be available.

#### **Optional: Barre Shield**

This piece of equipment will help to keep our dancers safe, encourage social distancing and keep our barres clean (in addition to the thorough cleaning we will be giving our barres in between each and every class). Dancers will have the option to purchase this item for classes beginning this summer. More details will be made available soon.

#### **Optional: Dirty/Clean Bags**

These bags are optional, but a great way to help dancers keep their dirty masks and dance wear separate from anything clean.

#### **Strongly recommended to have with you:**

##### **Hand Sanitizer**

Small, individual bottles of hand sanitizer are currently available at Engage Dance Academy's front desk for \$4 each!
