We are excited to partner with Flint Creek Wildlife Rehabilitation – what better organization to partner with when performing Swan Lake! Founded in 2003, Flint Creek Wildlife Rehabilitation is a state and federally licensed, private, not-for-profit 501(c)3 wildlife rehabilitation center dedicated to the care of injured and orphaned wildlife and to educating the public about wildlife and wildlife-related issues. Flint Creek Wildlife treats all species of wild birds, reptiles, and amphibians and treats all wild mammals excluding skunks, bats, and raccoons.
